THE FINE ART OF TANNING

S U N L E S S T A N N I N G

Superior Products, Salon Spray Booths, Mobile Systems and More!

Mist Air Premium Sunless Tanning Lotions.  
Premium performance..... It's in the blend!

Guaranteed to be the most natural, golden brown sunless tanning lotion you can use. The non-sticky, fast-drying formulation incorporates premium, instant cosmetic bronzer for an immediate, natural tan. Lotion also contains the very latest technology in sunless tanning with optimum levels of DHA for various skin types, to enable long term golden bronzing without orange colouring.

The exclusive fragrance virtually eliminates unpleasant odours associated with some sunless tanning products. Mist air's streak-free formulations have a built-in 'sheeting action' to eliminate streaking and Erythulose, an additional bronzer for extending the life of your tan.

The micro-emulsion technology ensures an even, effective spray application with a viscosity designed to reduce overspray mist.

Superior Products, Salon Spray Booths, Mobile Systems and More!

Mist Air Premium Tanning lotion contains Aloe Vera for skin nutrition and moisturising.

Available in 3 formulations, regular Bronze, Dark and Extra Dark to suit different skin types.

Mist air's premium lotion works with all manufacturer's airbrushes, spray booths and HVLP systems.

Shower within 2 hours!

Mist Air's unique application method allows for a light shower to be taken within 2 hours of the application.

Tanning Consumables

Mist air now offer a range of pre-Tanning, post-Tanning and Tan Maintenance products to support their fantastic Premium Sunless Tanning range. Ideal for perfect sunless tan skin preparation and also to top up the tan in the areas that can fade more quickly i.e. the face and backs of hands.

Increase your sales revenue with profitable sales of these fantastic products!

Shower Gel with Exfoliate & Moisturiser

It's very important that skin is prepared properly prior to sunless Tanning and Mist Air's new product is already receiving great plaudits.

Ask you clients to use this the day before their Tanning appointment and then every 5 days to ensure an even tan breakdown.

24 Hour Moisturiser

Enhanced with anti-oxidants, vitamins and skin nutrients Use daily after bathing to keep Tanned skin in perfect supple and smooth condition.

Moisturising Tan Extender

This can be used to enhance and extend the life of a sunless tan. Apply daily and after each exfoliation. This product can also be used on un-tanned skin to achieve a golden healthy glow.

Tan Remover

Remove un-wanted spray tan.

This product should be used as soon after the spray tan application as possible for the very best results.

Use it to blend any hard sprayed edges for a totally natural look.

Contains antiseptic and moisturizer to soothe the skin.

S U N L E S S T A N N I N G

Purpose-designed, complete, high-speed mobile / space-saving, Sunless Tanning system.  
For mobile or salon use.

Salon Spray Booth

For busy salons, with a strong, Sunless Tanning client base.

Create the perfect environment for you and your clients to enjoy a fume-free Tanning experience.

Mist Air's new Salon Spray booth is highly effective in taking away the overspray and protecting the breathing zone of both client and operator.

The unit takes up minimal space, has 3 simple, replaceable filters and is easy to clean and maintain.

It requires no special power supply or external venting, just a regular 13A socket.

The complete system, which can also be used for all Mist Air's other airbrush applications ( Nail Art, Make-up etc. ), includes a superb high-speed tanning spray gun, pop up spray cubicle, and lightweight, portable overspray extractor unit with replaceable filter.

All component parts of the mobile system may also be purchased separately.

Mist Air EX6000 Portable Spray Extractor Unit

Weights only 3.7kg and filters over 600m3 / hour!

Dimensions: 520 x 410 x 130 mm.  
Ideal for mobile tanning or small salon use.

Mist Air's New Salon Spray Booth  
Dimensions:  
2.1m (h) x 1.6m (w) x 1.6m (d)  
Airflow 2436 m3 /hour

Mist-air's high-speed, mobile / space-saving spray Tanning system is based around a multi-purpose, quiet-running air compressor, fitted into a trolley type durable case, the whole unit weighing only 18.3Kg!

Also Built into the unit is a moisture/ filter pressure regulator and pressure gauge for accurate spray control.
